

## FEATURED DESIGNERS

Carolina Furniture & Interiors was founded by **Linda Dickens** Carolina Furniture & Interiors four decades ago in 1977 in Simpsonville, South Carolina. As sales grew rapidly through the years, Carolina Furniture grew to a second store, and when the thriving company outgrew that space as well, Linda opened her beautiful 25,000 square foot showroom in Greenville, South Carolina in 2008.

**Gina Carson** has been working with Linda at Carolina Furniture for the last five years. With 25 years as an interior designer, Gina describes her design approach as “current with a traditional core. I choose pieces by reading my client’s likes and dislikes to make their homes comfortable for them. It is not about my style, it is about appealing to theirs.”

Since the beginning, Carolina Furniture and Interiors has focused on the best brands, the latest styles and the greatest quality. They are dedicated to providing our clients with the most up-to-date and sought after home furnishings. We love helping you create stylish, livable spaces in your home that you can be proud of and enjoy with your friends and neighbors.
